Propose a vacation student project for Summer 2018

Deadline for making your proposal(s): 17:00 Friday 23 March. This is a hard deadline.

Please fill in and submit this form multiple times for multiple proposals. Any queries, do ask - Toby.

Project supervisor email *

duncan.hull@manchester.ac.uk

Title of the project *

Software engineering mentoring tool

Source of funding *

- School funding requested
- You have your own funding (e.g. research grant)

Objective of the project *

To develop tools to support the School's Industry Mentor scheme, running alongside the second year software engineering course units. The aim is to make efficient use of staff time, while ensuring a consistent and valuable experience of the scheme by both mentors and students.

Number of students requested (justify if > 1) *

1

Start date, end date, total duration (weeks) *

June to August, 12 weeks
Propose a vacation student project for Summer 2018

The benefit to the School *
Better mentoring for students, better experience for mentors, more student and employer engagement with the school

The benefit to the student *
Gain experience of requirements analysis and delivering a software project

Skills needed by the student. *
Analysis, software development

Details of the work that the student would do *
Ability to analyse current workflow and use or create tools to formalise and improve the efficiency of mentoring, both for students and their mentors

Infrastructure requirements and any required staff support other than the project supervisor *
a computer

Supervision arrangements throughout the duration of the project (named staff and dates covering the entire duration) *
supervised by Duncan with co-supervision from Suzanne Embury

Location of the project work (building/room) *
Kilburn building
Propose a vacation student project for Summer 2018
