

## Useful Information for Exams:

To help you prepare for your Semester 2 exams which run from Monday, 23 May to Friday, 10 June, we've compiled a list of useful information below; it's important that you read this before the exam period gets underway.

### Exam rules and what to expect during an exam

Information and guidance about exam room rules and what to expect during an exam (including what you can bring with you), can be found on the [University's exam webpage](#). Please read this page in preparation for your first exam.

### Unable to attend an exam

If you are unable to attend an exam due to unforeseen circumstances (such as illness, including a positive Covid-19 test result) you should submit a [mitigating circumstances application](#). You may be required to submit evidence alongside your application, please contact the Student Support & Welfare team in your department for more information.

### Illness during an exam

If you are unwell during an exam, you must alert the invigilator as soon as possible and they will assist you. If illness disrupts your exam you can submit a mitigating circumstances application. Use the email address above.

### Semester 2 exam paper queries

If you have a question about your exam paper during the exam please raise your hand to alert the invigilator. You will be given a form to complete which should then be returned to the invigilator. All forms will be reviewed by Departments after the examination and any action that is taken will be communicated to you via email as soon as possible after the release of results.

### My Learning Essentials

[Start to Finish Revision](#). This set of resources will take you through the revision process from start to finish. It will help you to prioritise your revision effectively.
